

Colem Spice Up IBC With Official Launch Party!

We all know how it gets after a long day on the show floor, what we really all want is a nice cold beer, but not to have to walk far to get one! Well, Colem-Spice would like to help there. You are invited to join them for a beer (wine and soft drinks also available) on the show floor on Saturday 12th September, to help them celebrate the official launch of Colem-Spice.

Colem-Spice has been formed to bring together the innovation skills of Colem and Spice Design and offers cross-platform expertise for all aspects of control room automation, broadcast and content distribution, compression technologies, network/IP systems and infrastructure.

They will be serving drinks on the Novella stand (1.F58b) from 4:30pm, giving you a good excuse to wander around, but leaving you plenty of time for any evening entertainment you may have planned.

You are more than welcome to bring colleagues with you...

What: Colem-Spice Official Launch Party
When: Saturday 12th September, 4.30 -7pm
Where: Novella Stand (1.F58b)

Kind Regards,

Martin Coleman & John Pepper
